

I hope all of our Marymount family 2021 are doing well this week. We continue to get camp ready for a wonderful summer and look forward to seeing everyone soon. One update we want to get out to you is to make our testing policy a little clearer. We are now asking that parents get their camper tested no earlier than 7 days before camp starts. We prefer the closer the better and most can get it done as close as 4 days out. In the event that you cannot, make sure your test is taken no more than 7 days out. PLEASE remember that all our precautions are in place for the safety of our campers and staff and the success of our summer. As you know a COVID outbreak could shut camp down, ruining the experience for many. We need everyone's help to make Marymount a success again this year. Also, once your child is tested, please quarantine them as much as possible. A little sacrifice a few days before camp means a few weeks of super fun!

BE SMART + BE SAFE = GREAT SUMMER!
