

Dear Parents,

I hope this note finds each of you doing well this week. There has not been any significant changes or updates this week but I want to remind you of a couple of things listed below.

- Please remember that as part of our Covid precautions, no campers are allowed to leave camp this summer for any reason. We expect to go back to our normal policy regarding that next summer but for now, we need to ensure that we stay as safe as possible.
- Please make sure you have read completely through the **covid handbook** and **the parent handbook**. This will ensure that there is not any confusion regarding our policies and help make sure we have a smooth check in and check out. Make sure you remember all your documents!

I do want to remind you that Marymount in May on line auction will be happening May 21-24. Mark it in your calendar as a reminder. We have some great items and this helps fund our summer camp programs.

Thank you for trusting Camp Marymount to provide a unique, fun experience for your child.

Sincerely,

Tommy Hagey
